NEW RULES FOR FOOTBALL.

The feet or knees foremost within a distance of five yards on either side of the point where the ball is put in play.

Regarding the taking out of time, it is provided that either captain may ask that the game be stopped for a moment without penalty.

Further provision is made against interference with the ball, the opponent must not interfere in any way whatever with him, nor with the ball, or the hand or foot.

There must always be at least six men of the side in possession of the ball on the line of scrimmage, and if only six are on the line, one of those not on the line must have both feet outside the outside foot of the player on the end of the line.

Furthermore, no player of those ordinarily occupying the position of center, guard or tackle, that is, the five middle players of the line, may be put back from the line of scrimmage on the offense, unless he goes back at least five yards, and another player takes his place on the line.

It is furthermore provided that there shall be no shifting of men to evade this rule, the intention being that the big men in the middle of the line shall not be dropped back for the purpose of carrying the ball or using their weight in interference.

Holding is Defined. Holding has been more specifically defined to include the following: Grasping an opponent with the hands or arms, placing the hands upon an opponent to push him away from the play, circling in any degree any part of the person with the hands, or any use of the arms, except in blocking.

On penalties that would carry the ball to or across the goal line, where formerly the distance has been halved, the ball will now be placed at the one yard line.

Supplementary to the rules is a section covering liberty full page half-tones, which clearly the plays are permissible and prohibited, in addition to which several other new features are also incorporated.

GANS STARTS TROUBLE AT GOLDFIELD

Goldfield, Nev., Aug. 25.—Much surprise was created here this afternoon by the announcement that Gans had said that under no circumstances will he appear in the ring on Labor day before 4 o'clock in the afternoon.

When it was mentioned to Mr. Sullivan that the articles plainly required both Gans and Nelson to fight at 3 o'clock, Mr. Sullivan angrily shouted "Then there will be no fight!"

Sullivan further declared that two directors of the club told Gans before the selection of the referee that no man would be selected who was objectionable to either man.

He said that there is plenty of time to elect another referee who is acceptable to both parties.

Gans imperiled early this evening and his trainer would not allow him to be disturbed after Sullivan had given out his statement.

NO BULL FIGHT AT GOLDFIELD

Miners Respect Wishes of Ministers and Will Call Off Mexican Pastime.

Goldfield, Nev., Aug. 25.—The Goldfield Athletic club at a meeting last evening decided that there will be no bull fight on the morning of Labor day.

The sale of seats for the glove contest was exceedingly brisk yesterday. The arena has been rushed with such speed that it is nearly completed.

Both sides seem to sustain the draw after this fight. This 25-line of the Second Double Corner is drawable, but for cross-board purposes it is practically untenable.
